About Us

The Edmonton Chamber of Commerce is one of the longest-running and most influential business organizations in Canada.

We're part of a robust business community that extends regionally, provincially, nationally, and around the globe within the Chamber and World Trade Centre Networks.

For over 135 years, we've contributed to ambitious, foundational projects that have helped build Edmonton into the city it is today. Our track record of success has made us the sought-after voice of business in Edmonton.

Our member companies represent small, medium, and large businesses, and every sector of the economy, from heavy industry and manufacturing to retail and non-profit organizations.

We are proud of our work and our members. We are unwavering in our commitment to using our powerful voice to champion Edmonton and the entire region as a great place to live, work, and do business.

Introduction

Servus Credit Union's unwavering commitment to community empowerment resonates deeply with our values at the Chamber. With a legacy dating back to 1938, Servus has continually demonstrated its dedication to Alberta's residents, businesses, and beyond for as long as the Edmonton Chamber of Commerce has.

Your ethos of financial inclusivity, underscored by initiatives like the Profit Share® program, exemplifies a shared vision for uplifting individuals and enterprises alike. At the Edmonton Chamber of Commerce, we recognize the pivotal role that robust partnerships play in driving meaningful change.

Below is the first of many conversations to grow together.
